Good Tue Morn Margaret.

Tier II is Steve's shop, not mine – I'm strictly Toxic Release Inventory (TRI) reporting and as an FYI, this facility has never reported to TRI. Could be because they are under the employee threshold? Gonna check out after things calm down a lil.

Best for your week!

Hi Mort and Steve:

I'm collecting information on the West Fertilizer explosion for a CAA Enforcement case and I'm hoping you can provide me with some information about their Tier II program, or point me in the direction of a database where I can pull their Tier II filings.

Thanks so much for your help.
